Don Shula's Hotel is the centerpiece of Miami Lake's town center, located on quaint Maine Street amid boutiques, galleries, theaters, and restaurants. Aside from an enormous health club and spa, the hotel has a variety of food and beverage outlets, which is where we come in.

Inside the hotel is Shula's Steak 2, the ultimate sports bar and grill. Serving three meals a day, the bar and grill are separated, allowing exuberant sports fans to enjoy the game drinking hand-crafted cocktails and dining on casual, upscale food without annoying dinner guests seeking a more peaceful meal period.

Adjacent to the hotel is the French bakery and coffee house Vie de France. Famous for its croissants and pastries, Vie de France also offers lighter fare such as salads and sandwiches.

With 16,000 square feet of contemporary function space, catered events at the hotel are upscale but decidedly Florida fun. The ballroom opens onto a lushly tropical Florida courtyard complete with a tranquil waterfall-fed pond.

About a mile from the hotel is the Senator Golf Course. Overlooking the manicured greens is Shula's Steak House, "The Original" which tops the list on the Miami Herald's Best of South Florida. Conceived to celebrate the 1972 undefeated season of the Miami Dolphins, Shula's is known for its Premium Black Angus Beef and oversized portions.

We are as thrilled to be operating all food and beverage in this prestigious location as we are proud of the long-ranging partnership we have developed with the Don Shula organization.
