Celebrity Chef Partnerships Our recipe for success.

Culinaire has formed yet another strategic alliance with a prominent chef, and partnered with Chef Todd Gray in Washington DC to operate Watershed, his seafood-centric restaurant inside the Hilton Garden Inn NoMa, an emerging neighborhood of our nation's capital.

As a contemporary, high energy restaurant, Watershed by Todd Gray is like an automobile drive down the Eastern Seaboard culminating in the South. With fresh fish and seafood prepared unlike anywhere else in DC, Watershed is a destination restaurant serving lunch and dinner for Todd Gray's fans as well as a welcoming neighborhood restaurant and bar.

Chef Gray's restaurant concept, menus, and recipes change seasonally to take advantage of the freshest local resources. Chef de Cuisine Peggy Newbold-Thompson oversees the daily operations at the restaurant with the expertise and quality control provided by Todd Gray on an ongoing basis.

Celebrated Washington DC chef Todd Gray, along with his business partner and spouse, Ellen Kassoff Gray, have operated the award winning restaurant Equinox near the White House for over a decade. They also run Muse, the lunchtime cafe at the Corcoran Gallery. Chef Gray's approach to cooking is one of layered flavors using local farm to table resources.
